The Warrior Writers Project is a dynamic, organic journey that provides tools and space for community building, healing and redefinition for Iraq Veterans Against the War (IVAW). Through writing/artistic workshops that are based on experiences in the military and Iraq, IVAW members unbury experiences and connect with each other on a personal and artistic level. The writing from the workshops is compiled into books, performances and exhibits that provide a lens into the hearts of people who have a deep and intimate relationship with the Iraq war. **www.ivaw.org**

Artwork by veterans will be on display including: Combat Paper prints, paintings, photographs and artist books. Collaborative installations by Alisa Fox will also be on presented.

Special Invitation: To those who want to help found Philadelphia Artists Against the War, please join us as we begin the voyage.
